NSITSP Document Flow

```
One or more documents proposed on a topic
        ↓
Document(s) placed in Board file share area
        ↓
Special Committee reviews and generates one doc
        ↑ →
Document presented to the full Board
        → Document accepted as is → Implemented
        ↓ Document rejected w/o recommendation → Dead
        ↘ Document accepted with recommendations → Special Committee revises and publishes doc → Implemented
        ↘ Document rejected with recommendations → (back to Special Committee reviews and generates one doc)
```
